Re: nTouch Letter of Indemnification – Total Exposure Follow-Up Study

In Jane's absence, I am attaching for your review and signature a letter of indemnification that we would like to provide to nTouch Research Corporation for study site services they are providing in the Total Exposure Follow-Up Study.

The terms of this indemnity letter are consistent with that which was provided to nTouch in the course of their study site services for the main multi-center Total Exposure Study. The only difference is that we have expanded the indemnity coverage to nTouch's officers, directors and employees (in addition to the Principal Investigators and their respective employees). Law has reviewed this modification and is comfortable with the change.

If any questions, please do not hesitate to contact me. Otherwise, please return the signed originals to my attention.
